LICENSED CLINICAL ADDICTION COUNSELOR (LCAC)

****ALL EDUCATION, EXPERIENCE, SUPERVISION AND EXAMINATION REQUIREMENTS MUST BE MET IN ORDER TO BE GRANTED LICENSURE IN INDIANA.**

****Licensure, certification or registration in another state does not guarantee licensure in Indiana.**

EXAMINATION/ENDORSEMENT

The Board has adopted the International Advanced Examination for Alcohol & Drug Counselors (AADC) administered by International Credentialing (IC & RC) and the Master Addiction Counselor (MAC) administered by the Association for Addiction Professionals (NAADAC). You may use current licensure/certification as a Clinical Addiction Counselor in another state to exempt yourself from the examination provided that you have already passed the AADC examination, MAC examination, or a comparable examination that also tested clinical skills and knowledge. You must also provide evidence that you have engaged in the practice of addiction counseling for not less than three (3) of the previous five (5) years to exempt yourself from the examination, provided that you have already passed the AADC examination, MAC examination, or a comparable examination that also tested clinical skills and knowledge.

PLEASE NOTE: If you did not take the AADC examination, MAC examination, or a comparable examination that also tested clinical skills and knowledge, to receive licensure/certification in the other state, you will be required to take and pass the AADC examination or MAC examination before you will be licensed as a clinical addiction counselor in the State of Indiana.

If you are currently licensed or certified as a clinical addiction counselor in another state and you will be applying for licensure in Indiana on the basis of that license, please continue to read all of these instructions. You will need to meet all education, experience and supervision requirements in order to gain licensure through exemption from examination (ENDORSMENT)

Falsification of any of the information or documentation submitted to the Indiana Professional Licensing Agency is grounds for permanent revocation of a license or permit issued pursuant to this application.

ENDORSEMENT CANDIDATES FOR LICENSED ADDICTION COUNSELOR

Requirements for applicants by exemption from examination

“Endorsement” is a term used to describe the process of granting a license to an applicant who possesses a license or certification to practice that profession in another state or country. Indiana’s addiction counseling licensure law requires all applicants who are applying for licensure as an addiction counselor by exemption from examination meet all of the foregoing requirements.

If an applicant qualifies for licensure in Indiana by endorsement, he or she is only actually exempted from the examination requirement itself. The following requirements must be met in order to be approved for licensure through endorsement. Please refer to the appropriate section of the instructions for specifics on these requirements.

1. EDUCATION/EXPERIENCE/SUPERVISION

Endorsement applicants must meet all of Indiana’s education and supervised experience requirements for the licensure you are applying for.

2. EQUIVALENT EXAMINATION

The examination that you took to gain licensure in another state must be substantially equivalent to the examination required for licensure in Indiana

3. CURRENT/ACTIVE LICENSURE OR CERTIFICATION

Endorsement applicants must be currently licensed or certified to practice in another state at the same level of licensure that you are applying for in Indiana. This license or certification must be current and in good standing.

4. YEARS OF PRACTICE

Endorsement applicants must have been actively engaged in the practice of addiction counseling for not less than three (3) out of the previous five (5) years.

5. JURISPRUDENCE EXAMINATION

Endorsement applicants are required to pass a written jurisprudence examination covering the Board's statute (Article 25-23.6), rule (Title 839) and the Professional Licensing Agency Standards of Practice (Chapter 9). These laws and rules are contained in this application packet. Once your application is approved by the Board, a jurisprudence exam will be mailed to your address on file. A score of seventy-five (75) or above on the examination is passing. **You will not be granted licensure in Indiana until you have successfully completed this examination.**

TEMPORARY PERMITS FOR LICENSED CLINICAL ADDICTION COUNSELORS (LCAC)

The Board may issue a temporary permit to practice as a licensed clinical addiction counselor to an applicant who submits the following:

- 1) a completed application for licensure as a clinical addiction counselor including the fifty dollar (\$50) application fee, appropriate photograph and all supporting documentation; and
- 2) an additional fee of twenty-five dollars (\$25) for the temporary permit.

The applicant must also:

- 1) submit proof of a valid license/certificate to practice from another state. A copy of a current license/certificate will constitute proof of licensure/certification for temporary permit issuance only. Verification of the licensure/certification status must still be received directly from the other state's Board; **OR**
- 2) have been practicing in a state that does not license or certify addiction counselors, but is certified by a national association approved by the board. Verification of current certification must be received directly from the certifying national association. (Indiana does license addiction counselors so you must have been practicing in another state that does not license or certify addiction counselors.); **OR**
- 3) have been approved by the Board to take the examination.

A temporary permit expires the earlier of:

- 1) the date the individual holding the permit is issued a license;
- 2.) the date the Board disapproves the individual's application for licensure. (Disapproval of applications includes failing the required examination.);
- 3.) One hundred eighty (180) days from the date the permit is issued.

The Board may renew a temporary permit if the individual holding the permit was scheduled to take the next examination and the individual did not take the examination and shows good cause for not taking the examination. "Good cause" is defined in the Board's statutes at IC 25-23.6-8.5-10, as follows, "good cause" means any reason approved by the board following written notice to the board from the applicant within thirty (30) days of the date the applicant was scheduled to take the examination. A renewed permit expires on the date the individual holding the permit receives the results from the next examination given after the permit was issued.

Please not that if an applicant fails the examination, they may not apply for any further temporary permits.
